Optional Hike

There will be a gentle hike organised on Saturday 4th May for anyone who is interested.

This is a beautiful walk following the old dry stone route along the southern section of Mallorca's Tramuntana mountains. The walk starts at the Coll de Sa Gramola close to the village of Andratx and takes in stunning views over the Mediterranean, the Islands of Dragonera and distant Ibiza

The walk offers plenty of fine picnic spots along the way and we finish in the small village of Sant Elm where you can enjoy a sea swim before lunch in a delightful seafood restaurant overlooking the port and Dragonera Island
